

Migration to Montana: A Tale of the Ages (and Regions)

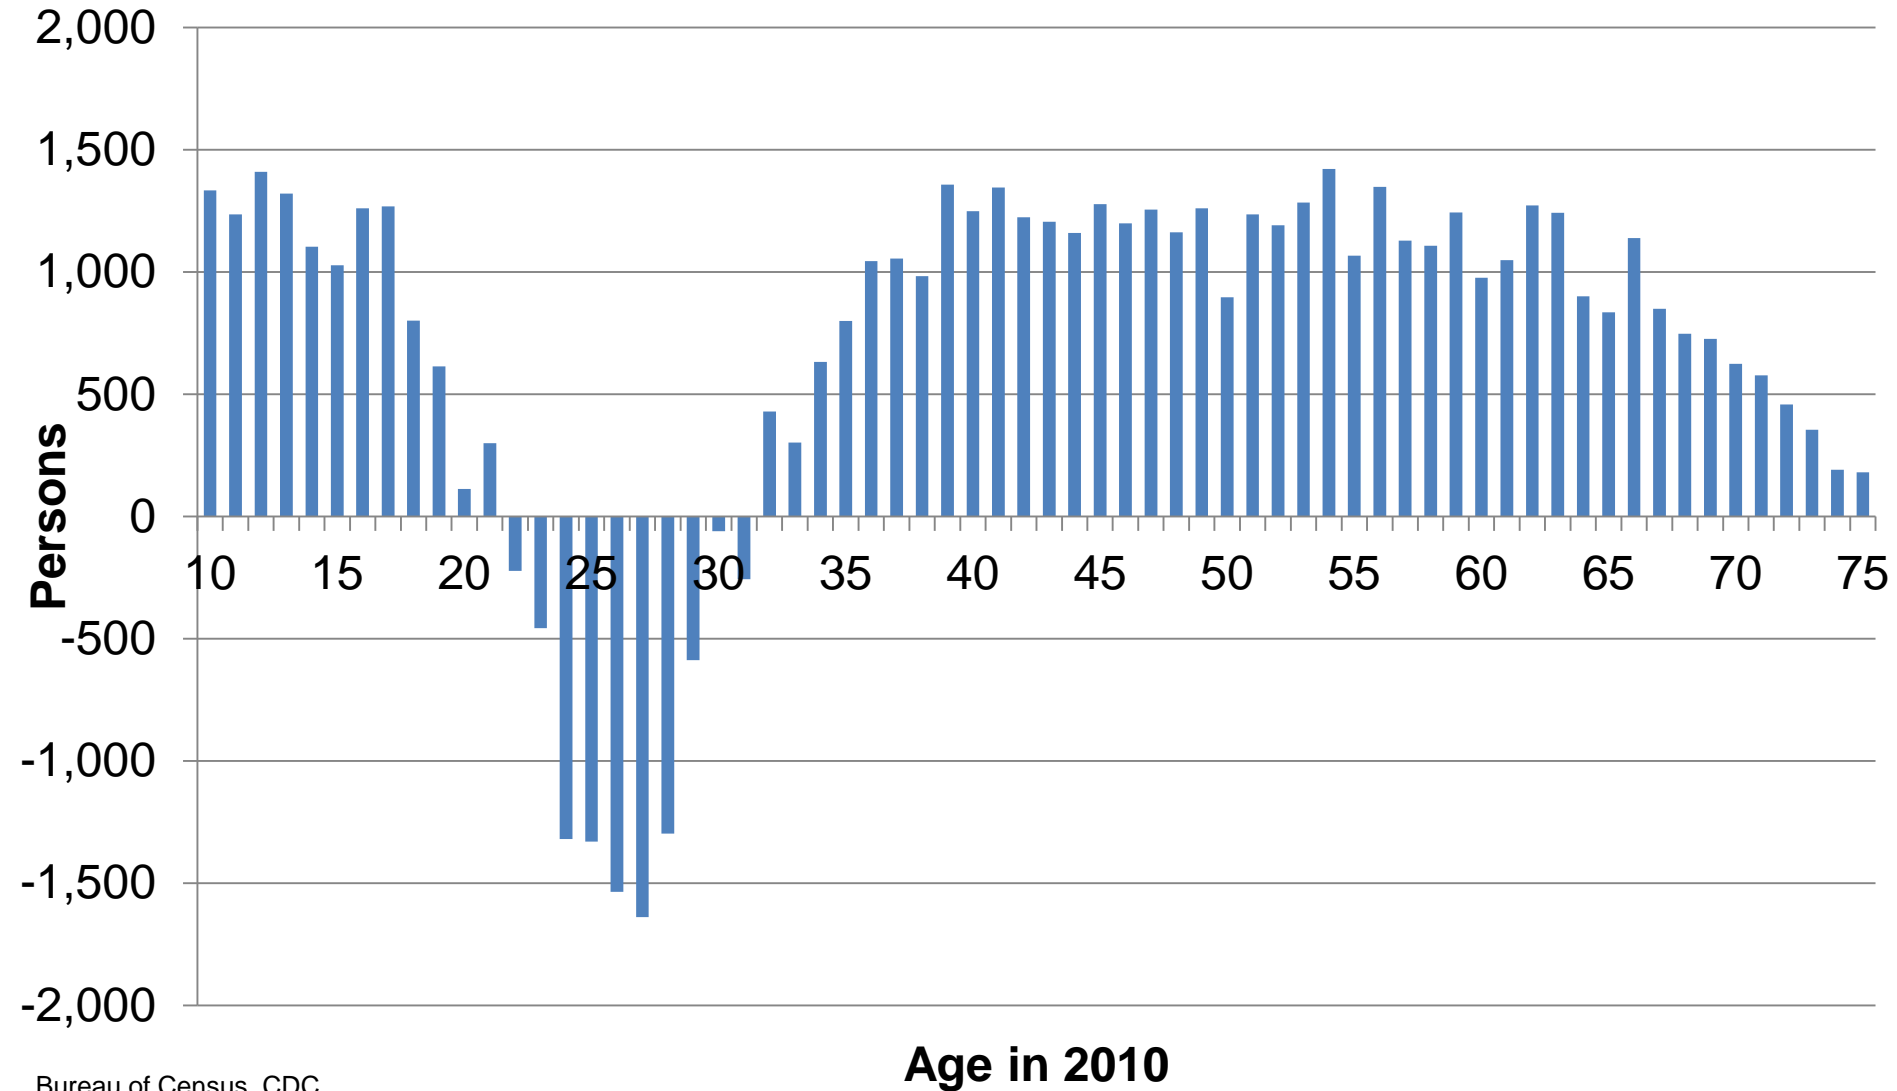

Douglas J Young, Professor Emeritus

Grant Zimmerman, Student

MSU - Bozeman

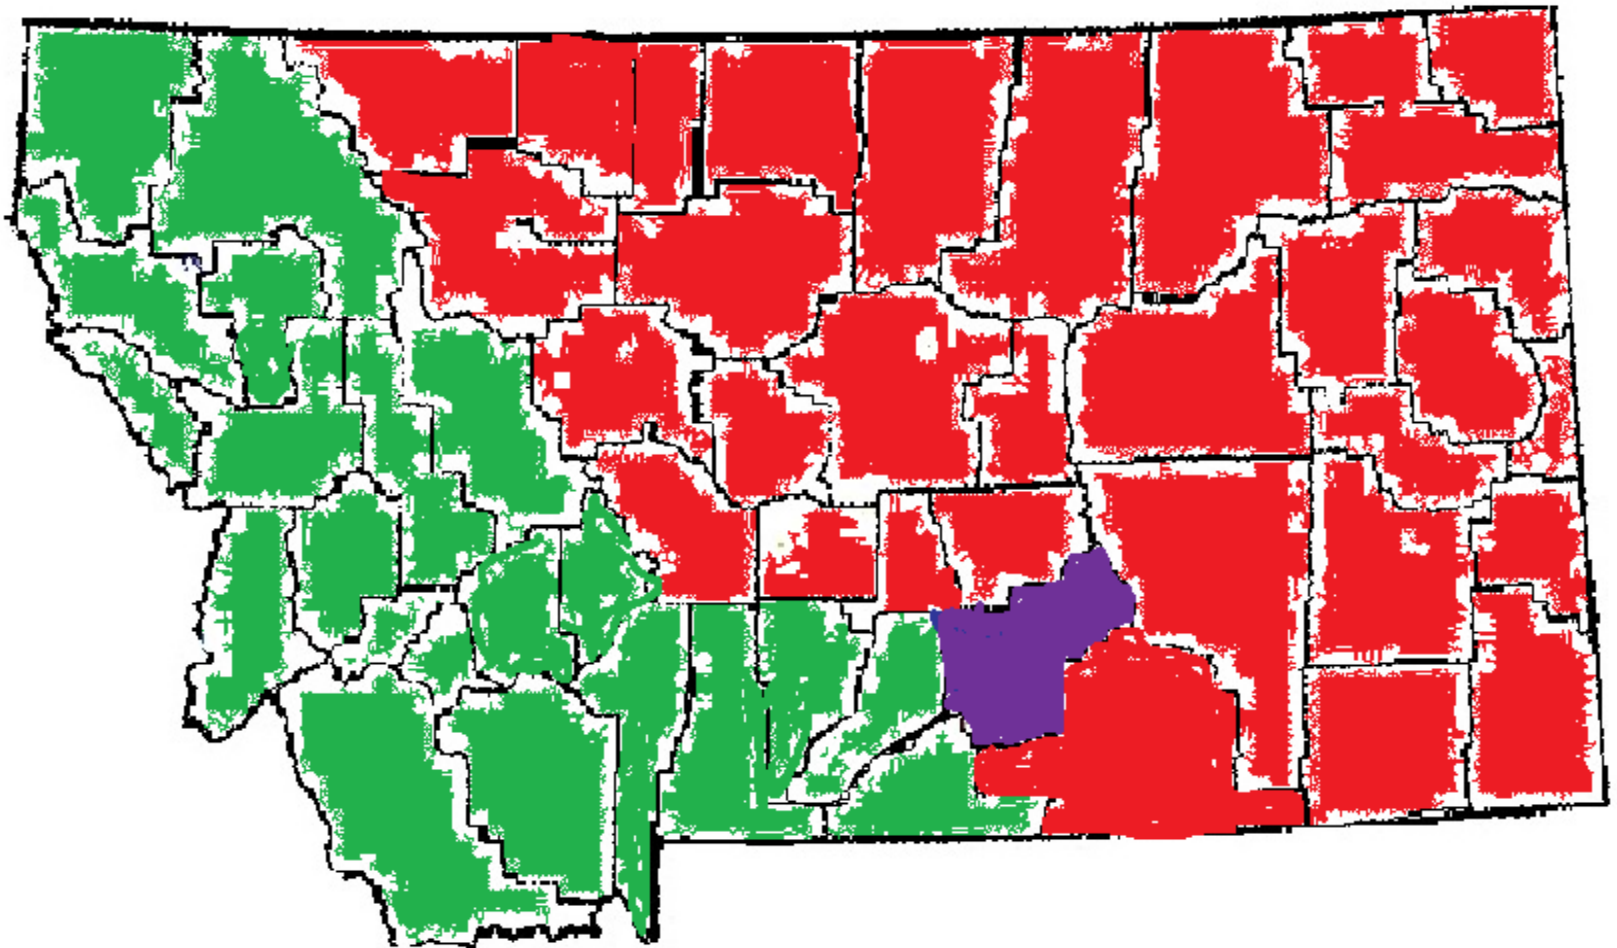

Net Migration to Montana

2000 - 2010

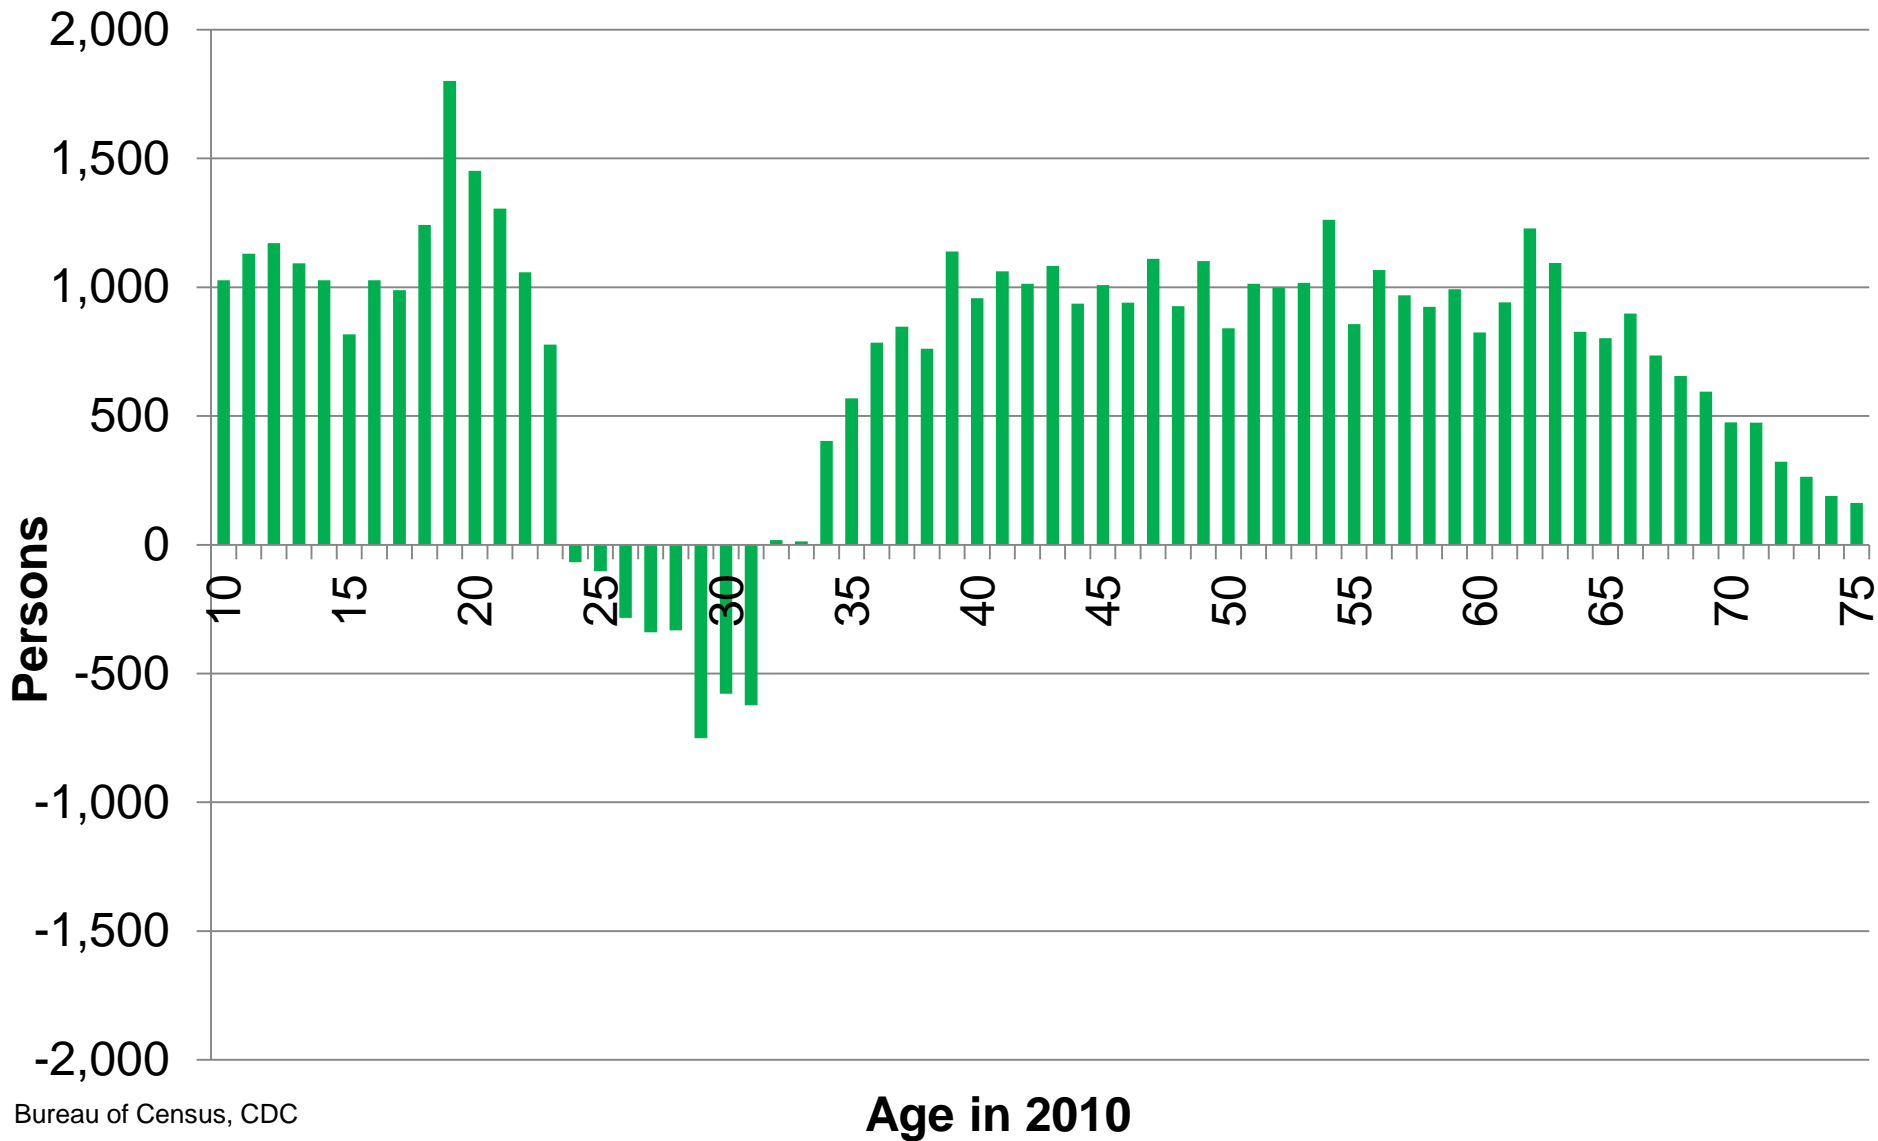

Regions of Montana

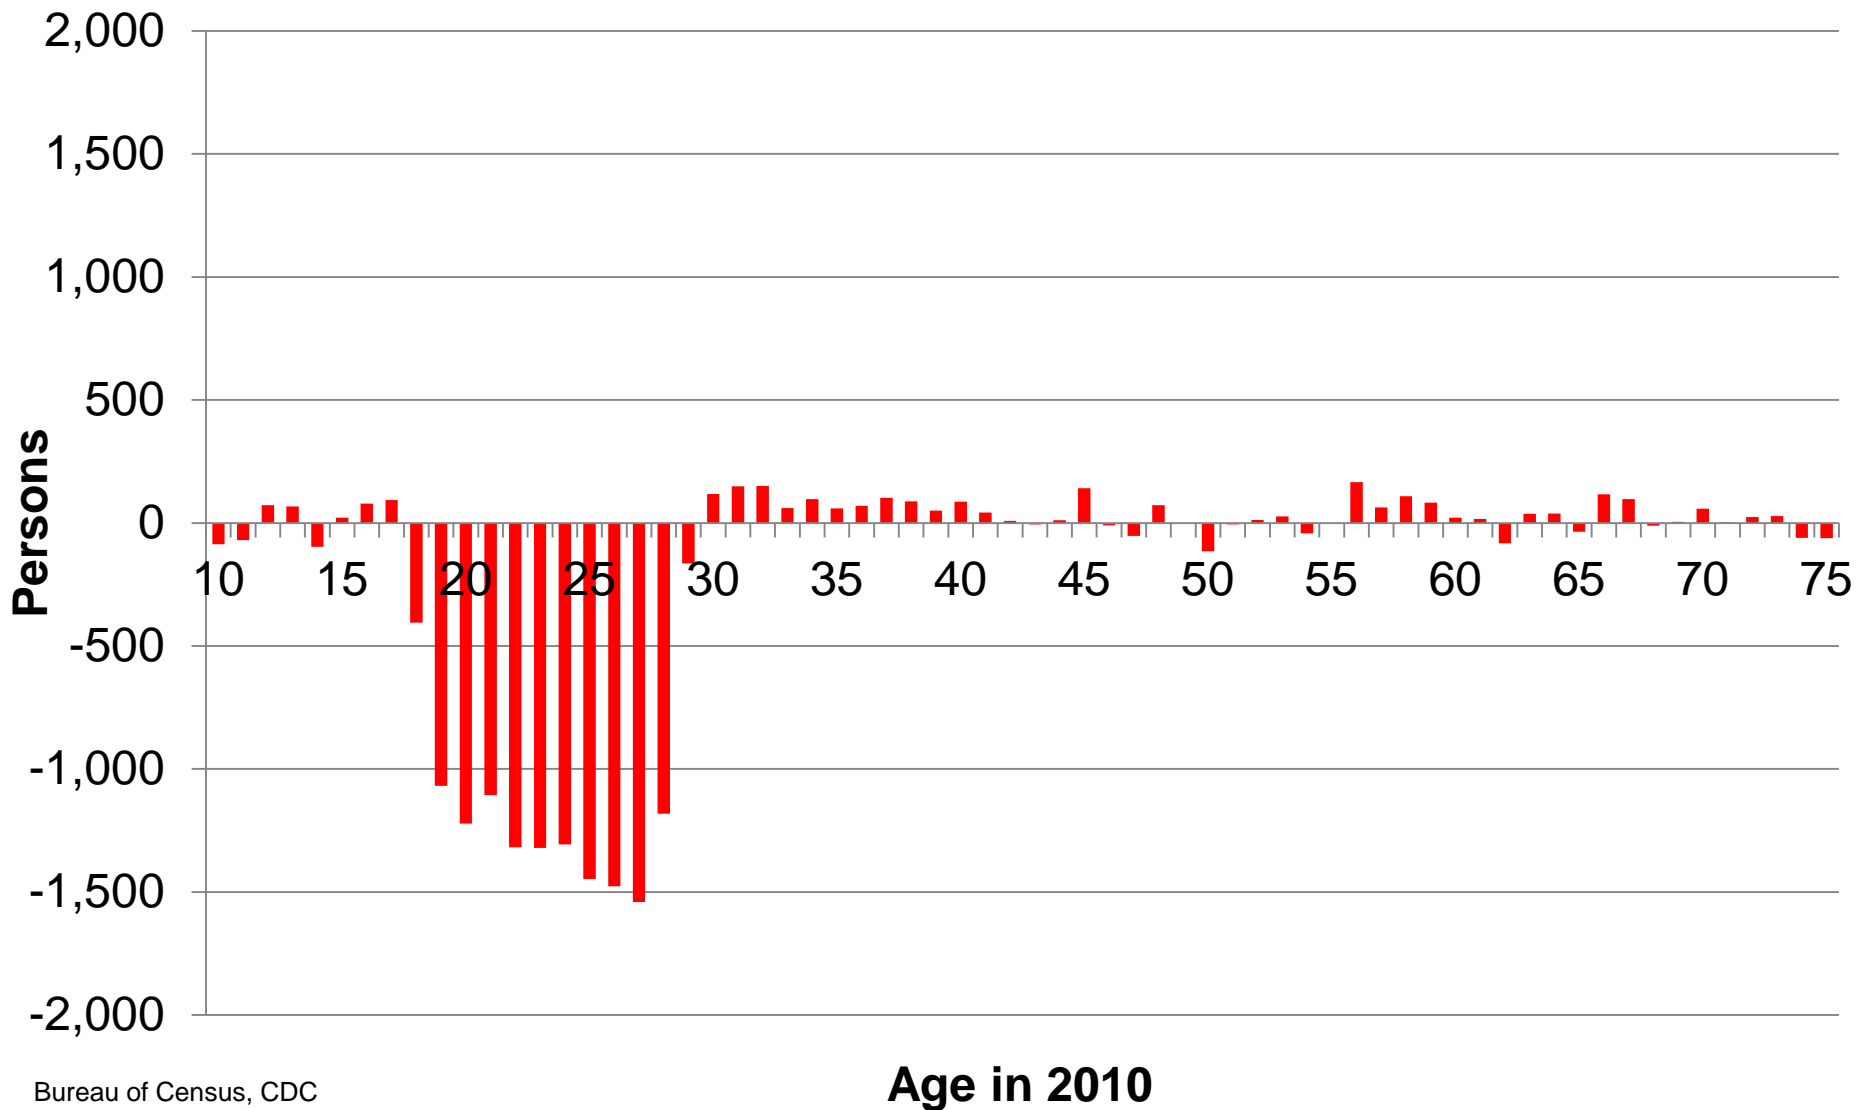

Western/Southern Eastern/Northern Yellowstone

Net Migration to Western/Southern Montana 2000 - 2010

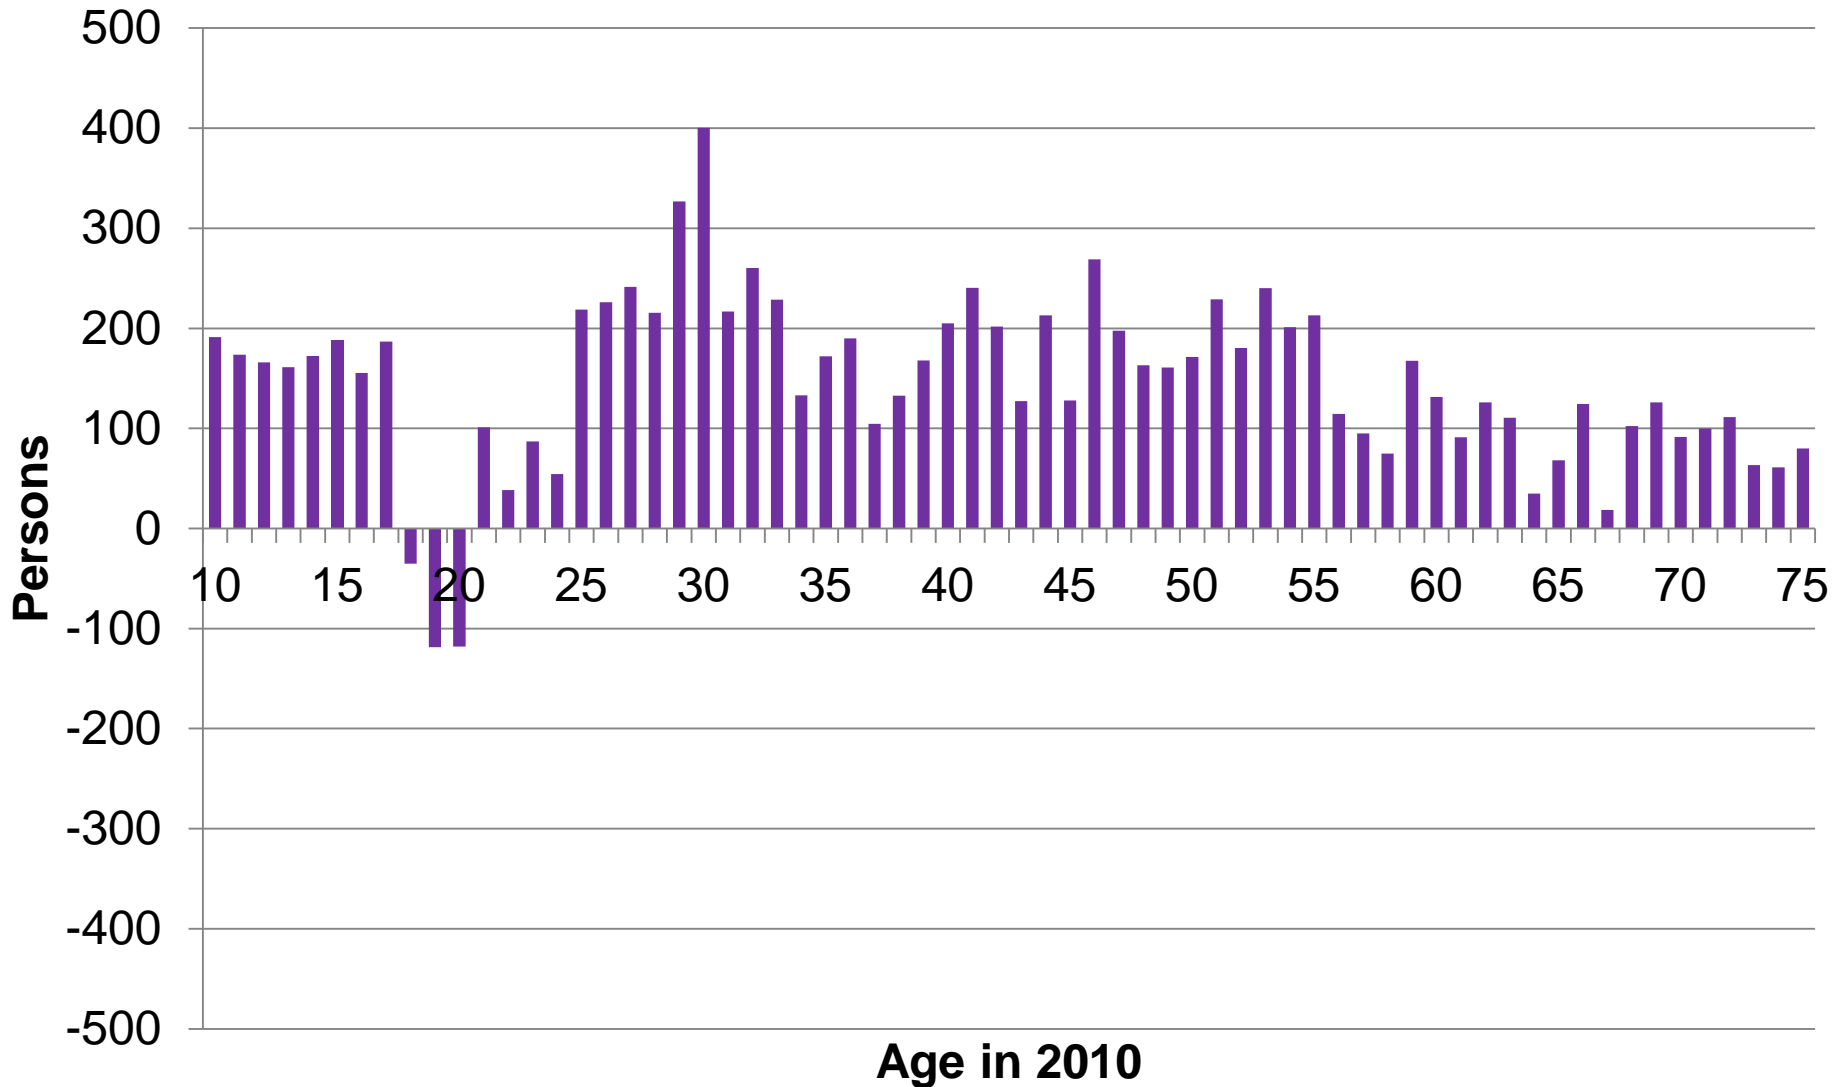

Net Migration to Eastern/Northern Montana 2000 - 2010

Net Migration to Yellowstone County

2000 - 2010

Discussion

1. Out-migration of people in their 20's strengthens the aging trend in Montana
2. However, in-migration of families in their thirties and forties has increased the number of school-age children
3. Out-migration from Eastern/Northern MT
 - a. School Closures
 - b. Reinforces Aging of Population
