

2011 KIDS COUNT® Data Book

The Annie E. Casey Foundation

Montana

The recession hit vulnerable families hard, and unemployment and foreclosure starts remain high. In 2010, 11 percent of children in the U.S. had at least one unemployed parent and 4 percent have been affected by foreclosure since 2007. It is critical that we address these economic challenges to ensure the well-being of children, families, and the nation.
